Please attend the NVS May 21, 2022
“Sky’s the Limit” Spring Brunch Fundraiser

We would like to invite you to the UW-Harborview Neurological Vocational Services (NVS) **NVS “Sky’s the Limit” Spring Fundraiser Brunch** at the Columbia Tower in downtown Seattle, Saturday, May 21, 2022.

- NVS at Harborview has been assisting clients with neurological conditions to enter or re-enter the workforce and the community for 46 years! It is a national leader and one of the few programs of its type in the country.
- NVS, the 501(c)(3) non-profit, has assisted thousands of qualified clients with neurological conditions to achieve work access through vocational assessment, job tryouts, direct placement, and jobsite coaches with accommodation strategies. Job coaches are usually pre-med and psychology students, and your financial support also aids them in their upward career movement.
- NVS has an all-volunteer board /administration with no paid staff. Your support goes directly to our clients’ vocational services.

To learn more about the event and get tickets, please visit go to:
