Come Join us, at the NVS Spring Brunch Fundraiser, “Sky’s the Limit”
and this year’s theme, ...
Informational Focus on Traumatic Brain Injury (TBI)

The NVS “Sky’s the Limit” Spring Fundraiser Brunch will take place in person at the Columbia Tower in downtown Seattle, Saturday, May 21, 2022. I’m personally inviting you to join us for this great event, which will include a wonderful brunch, great auction, and a program that focuses on honoring just some of the clients we have helped.

In addition, our program will include:

- Outstanding Rehabilitation Medicine physician Dr. Jen Zumsteg as our keynote speaker. She brings years of experience and research in TBI and especially concussion effects,
- Very special guest Graci Pennington, Miss Alabama-Miss USA contestant, who will share her experience with a mild TBI journey, and her challenges returning to the school, and,
- Our Client of the Year who will share his experiences trying to find work stabilization following a long path to his current position as an auditor in training for the state of Washington.

You really don’t want to miss this event, and we don’t want to miss you, and your support by attending. We are limited in the number of people that can attend, so make your plans and get your tickets today!

More information and tix for the event can be found here: www.nvsrehab.org.

This year's spring fundraising brunch theme informational focus is on our clients with Traumatic brain injury(TBI) and its vocational implications across the range of severity. Speakers Wonderful motivating experiences!

Thank you,

Robert T Fraser, Ph.D., CRC
Executive Director, NVS & Clinical Director of NVSU
